

# GIRISH C SURYAJOIES

## UX Design Principal

+1 214 899 4396 | [gitchas@gmail.com](mailto:gitchas@gmail.com) | [www.3kolors.com](http://www.3kolors.com) | [www.linkedin.com/in/girishcs/](http://www.linkedin.com/in/girishcs/)

Girish brings 17+ years of design expertise spanning experience design, immersive design, and AI-enhanced solutions across healthcare, retail, disaster management, time management, and entertainment. His ability to craft intuitive, engaging experiences has made him a trusted expert across these diverse industries.

## Expertise

- **UX Strategy & AI-Enhanced Design** — Pioneering user-centered, AI-integrated design solutions that drive product evolution and measurable user engagement across complex, multi-platform ecosystems.
- **Design Thinking & Scalable Architecture** Building and governing end-to-end design systems, component libraries, and interaction frameworks that accelerate delivery and ensure cross-platform consistency at scale.
- **Healthcare & FDA-Regulated Product Design** Delivering clinically validated UX for remote patient monitoring, wearable biosensor platforms, and virtual care models within regulated healthcare environments.
- **Design Team Leadership & Creative Operations** Leading cross-functional design teams from brief to launch — fostering collaboration, mentoring designers, and aligning creative output with strategic business objectives.
- **Immersive Experience & CGI Direction** Directing and collaborating with specialized teams in creating high-fidelity digital twin for automobile industry and experience working on digital environments and CGI assets for Hollywood-grade animation and immersive entertainment productions.
- **Vendor & Cross-Functional Partner Management** Negotiating and managing external design partners, agency relationships, and third-party vendors to ensure seamless integration, quality delivery, and on-brand execution.
